

MASSACHUSETTS COVID-19 VACCINE PROGRAM

November 4, 2021

Dear Colleagues:

Here are the latest resources to share this week. We hope you find them helpful.

New Webpage for children ages 5-11

The FDA and CDC have just authorized Pfizer vaccination for children ages 5 to 11. Find the information including FAQs at [COVID-19 vaccinations for children ages 5-11 | Mass.gov](#). Parents are encouraged to contact their health care provider for an appointment or visit [VaxFinder.mass.gov](#) where appointments are updated daily.

New Booster Eligibility Graphic

Use this new [graphic](#), available in 11 languages, to determine if you're eligible for a booster shot. Visit [COVID-19 booster frequently asked questions](#) for information about boosters.

Am I eligible for a COVID-19 booster shot?

Who?

You received Pfizer or Moderna and are:

- 65 years and older
- Age 18+ who live in long-term care settings
- Age 18+ who have underlying medical conditions
- Age 18+ who work or live in high-risk settings

You received Johnson & Johnson and are:

- Age 18+

When?

- At least 6 months after Pfizer or Moderna
- At least 2 months after J&J

Which booster shot do I get?

- You may have a preference, but you can get any type of vaccine for your booster shot

More information at [mass.gov/COVID19booster](#)

New Reorganized *Trust the Facts, Get the Vax* website

We've reorganized the [webpage](#) housing the TV ads, animated videos, and other materials for our public awareness campaign. Find a summary, toolkit, and videos and flyers by audience.

New Get your flu shot!

Flu season is here and our blue 'smurf' family is back. Please share with your networks and include a reminder that you can get a COVID-19 vaccine and a flu vaccine at the same visit. Go to [www.mass.gov/flufacts](#) for graphics, materials, and more.

Thank you for all you are doing to promote vaccine safety and confidence!
